### Information **coding** by algebraic geometric **code** offering two decoding options

P Piret, F Lehouey - US Patent App. 10/825,283, 2004 - Google Patents

... [0060] The invention thus concerns, firstly, a device for **coding** information **symbols** according to a **code** defined on a **Galois field**  $F_q$ , where  $q$  is an ...

### Perfect computational equivalence between quantum Turing machines and finitely generated

... - [arxiv.org](#) (pdf)

H Nishimura, M Ozawa - Quantum Information Processing, 2009 - Springer

... we provide a standard exact decomposition of finite dimensional unitary ... i) Using an idea from the grey **code**,  $U$  can be ...  $I \otimes J + I$  represent the **symbol** in the ...

### Method and system for high-spread high-distance interleaving for turbo-codes

SN Crozier - US Patent App. 09/864,396, 2001 - Google Patents

... any given noisy communications channel has a finite, non-zero ... reads from a vector of input **symbols** or samples ... of different interleavers and punctured **code** rates ...
